“Tracy Spring's life and art...exhibits nearly everything I love about the Northwest music scene. Tracy's songs are thoughtful and accessible at the same time, and cover a wide range of basic human experience. Tracy is a natural born singer whose alto voice is a wonderful folk and pop instrument...always under exquisite control...really remarkable.”

Folk Music Digest

“Her vocal range and control will blow you away...add this to fine finger picking and slide guitar work and you get one of the most well rounded musicians around. ...songwriter Tracy Spring sizzles with passion and is steamier than an August night in New Orleans. Songwriting is only half the story. Tracy Spring sports an astounding vocal range with rich tone and exquisite phrasing.”
